

NO TODO ~ NIET ALLES

An exhibition in an archival box

Opening Friday 21 June 17:00
Johan Deumens Archive
Westerdok 782, Amsterdam

This tiny exhibition aims at expanding a network of artists that connect by means of their ideas around translation, mailable art and affection for books in a digital world, they expand the definition of what a library, a book, a sentence and a word can be. Their works inhabit that exciting emptiness in between the lines of a text, the blank of a page or a forgotten archival box that once belonged to the archive of Ulises Carrión.

With contributions by:

Annesas Appel, Ricardo Cardenas, Jimena Croceri, Enric Farres Durán, Sibylle Eimermacher/Martin Brandsma, Jordi Ferreiro, Anett Frontzek, Ton Martens, Vibeke Mascini, Eva Parra, Martín La Roche, Rosa Sijben, Peter Spaans, Berkay Tuncay, Omar Vega Macotella, Robin Waart, Ulises Books Philadelphia, Mariken Wessels, Peter Vermeulen and more to come as the exhibition expands over time..
